- 1 Feedback collected, analyzed and action taken and feedback available on website*

PBR VISVODAYA INSTITUTE OF TECHNOLOGY & SCIENCE, KAVALI

DEPARTMENT OF E.C.E  
ACADEMIC YEAR : 2018-19

REPORT OF FEEDBACK ON CURRICULUM

Proposals

Actions taken

STAKEHOLDER	Structured Feedback Received	Proposals	Actions taken
Faculty (II-I)	<p>1. Few of the faculty felt there should be more measures to be taken to bridge the gap between theory and application of the course in particular subjects.</p> <p>2. Some faculty expressed their views about the course by considering extra learning or self learning is not upto the level depending upon the design of the course.</p>	<p>1. Involving students to read more information via textbooks to get good application oriented knowledge by proving library hour.</p> <p>2. Specific library hours have to be provided for students for self learning.</p> <p>3. Guest lectures have to be arranged involving senior research persons.</p>	<p>1. Bridge Course on " Fundamentals of Electronics and Communication subjects" conducted for II ECE Students .</p> <p>2. Certificate course on " Robotics" was arranged for Students .</p>
Faculty (III-I)	<p>1. Depending on the design of the course ,there should be some scope given to the Extralearning for the students to provide good knowledge.</p> <p>2. The suitability of course to the industry is also a point got mentioned by the faculty.</p> <p>3. The syllabus of the course should increase the knowledge in perspective area.</p>	<p>1. To give better knowledge about industry , visits have to be arranged to give more knowledge.</p> <p>2. Guest lectures have to be arranged involving senior research persons.</p> <p>3. Mini Projects have to be considered into account to get real time knowledge.</p> <p>4. Seminars on real time projects or mini projects done by previous year students</p>	<p>1. Guest Lecture on 'How to prepare for GRE &amp; TOFEL' was arranged for students.</p> <p>2. Guest Lecture on "Applications of Speech signal processing " was conducted for students.</p> <p>3. Guest Lecture on "Telecom Technologies&amp;Professional Telecom" happened for III ECE Students.</p> <p>4. Seminar on "Digital Marketing for New Business Promotions" arranged for III ECE Students</p> <p>5. Two days Workshop on "Embedded Systems and Internet of Things" arranged for students which has been very useful to bridge the gap between theory and practicals .</p> <p>6. Industrial visit to SHAR,SriHarikota happened for III ECE Students which was very beneficiary to know things in practical.</p> <p>7. Certificate course on " IOT Applications" was conducted for III ECE.</p>
Faculty (IV -I)	<p>1. The suitability of course to the industry is also a point got mentioned by the faculty.</p> <p>2. The syllabus of the course should increase the knowledge in perspective area.</p>	<p>1. Depending on the industry requirements, it is better to give more information on industry based applications.</p> <p>2. To meet industry requirements, internships have to be made mandatorily in order to gain good knowledge.</p> <p>3. Bridge courses are also suggested for final year students on entrepreneurship so that every student has some idea about entrepreneurship</p>	<p>1. A Workshop on "" ARDUINO"" was conducted to students to get real time experience.</p> <p>2. An invited talk on ""Role of students in Environment protection"" has been arranged for final years to motivate them towards Environment .</p> <p>3. Five day workshop on ""Robotics &amp; Applications"" was arranged for students to motivate them towards technical field."</p> <p>4. Seminar on "Social Values &amp; Professional Ethics" was organized for IV ECE Students.</p>
Faculty (II-III)	<p>1. More measures to be taken to bridge the gap between theory and application of the course in particular subjects.</p> <p>2. Some faculty expressed their views about the course by</p>	<p>1. Workshops have to be conducted for students with proper knowledge and to develop any application or working model in a real time environment.</p> <p>2. Involving students to read more information via textbooks to get good application oriented knowledge.</p>	

	<p>considering extra learning or self learning is not upto the level depending upon the design of the course.</p>	<p>3. Involving students to read more information via textbooks to get good application oriented knowledge by proving library hour.</p> <p>4. Guest lectures have to be arranged involving senior research persons.</p>	
<b>Faculty (III-II)</b>	<p>1. Few of the faculty felt there should be more measures to be taken to bridge the gap between theory and application of the course in particular subjects.</p> <p>2. Some faculty expressed their views about the course by considering extra learning or self learning is not upto the level depending upon the design of the course.</p>	<p>1. Conducting workshops in regular intervals to gain knowledge about real time applications.</p> <p>2. Seminars on existing or real time projects have to be delivered to students to motivate them.</p> <p>3. Guest lectures have to be arranged involving senior research persons.</p>	<p>1. Students participated and co-ordinated with Final Years for Project Expo-2019 which built technical and managerial skills in them.</p> <p>2. Industrial Visit to Gadanki NARL was Organised for Students.</p> <p>3. Guest Lecture on "Applications of Signals &amp; Systems" was arranged in order to bring more information about communication systems.</p> <p>4. Guest lecture on "Fabrication of IC's " was arranged for III ECE, which helped them to understand VLSI Technology in a better way.</p>
<b>Faculty (IV-II)</b>	<p>1. Some faculty expressed their views about the course by considering extra learning or self learning is not upto the level depending upon the design of the course.</p> <p>2. The suitability of course to the industry is also a point got mentioned by the faculty.</p> <p>3. The syllabus of the course should increase the knowledge in perspective area.</p>	<p>1. Conducting Softskills as a part of academic lectures.</p> <p>2. Conducting Aptitude and Reasoning classes for students.</p> <p>3. Tests on regular basics on both softskills and aptitude classes.</p> <p>4. Depending on the industry requirements, it is better to give more information on industry based applications.</p> <p>5. To meet industry requirements, internships have to be made mandatorily in order to gain good knowledge.</p> <p>6. Separate course has to be added to improve the knowledge in order to motivate them towards entrepreneurship.</p>	<p>1. Personality Development Program on " Positive thinking " was conducted to outgoing students to give them awareness about the mental health.</p> <p>2. A Guest lecture on "Project management &amp; Finance" organised for students to improve management skills and to give some idea about entrepreneurship.</p> <p>3. A Guest lecture on " Human Rights &amp; Professional Ethics" delivered to final year students</p> <p>4. Seminar on " Ideas of Entrepreneur activities in the college" was organised.</p>
<b>ALLMINI</b>	<p>1. The suitability of course to the industry is also a point where people expressed after experiencing it practically.</p> <p>2. Few people experienced and gave about irrelevance of experiments in Realtime approach. They felt there is a need to bridge the gap between application platform and realtime platform.</p>	<p>1. Depending on the industry requirements, it is better to give more information on industry based applications.</p> <p>2. To meet industry requirements, internships have to be made mandatorily in order to gain good knowledge.</p> <p>3. Including extra Lab sessions for non-syllabus experiments.</p> <p>4. Mini Projects have to be considered into account to get real time knowledge.</p> <p>5. Seminars on real time projects or mini projects done by previous year students.</p>	<p>Conducted various Workshops and Guest lectures to provide technical knowledge both theoretically and practically. Also conducted soft skills development, aptitude classes for students to provide industry oriented training.</p>
<b>EMPLOYER</b>	<p>1. Few experts expressed the standard of the design of course is not meeting the requirements of the industry.</p> <p>2. Few Experts felt there is irrelevance of experiments in Realtime approach. They felt there is a need to</p>	<p>1. Depending on the industry requirements, it is better to give more information on industry based applications.</p> <p>2. To meet industry requirements, internships have to be made mandatorily in order to gain good knowledge.</p> <p>3. Separate course has to be added to improve the knowledge in order to</p>	<p>Several Guest lectures were arranged for Final year students on topics which can give great information about situations after studies and</p>

	bridge the gap between application platform and realtime platform.	motivate them towards entrepreneurship.	entrepreneurship.
<b>STUDENTS</b>	<p>1. Some students felt that the syllabus of the courses that they have studied in relation to the competencies expected out of the course are not completely up to the mark of competitive exams.</p> <p>2. Some students expressed their views about the experiments that are practising are not suitable to real life applications.</p> <p>3. Some students expressed their views about the course by considering extra learning or self learning is not upto the level depending upon the design of the course.</p> <p>1. Some students felt that the domain for labs is not satisfied as it is restricted to only few.</p>	<p>1. Guest lectures have to be arranged in a way to get the students should get domain knowledge.</p> <p>2. Specific library hours have to be provided for students for self learning.</p> <p>3. More workshops have to be arranged in order to get students familiar to the real time applications of the experiments.</p>	<p>Enumerous workshops, guest lectures were organised which helped students both technically and morally.</p>

**DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING**

**Feedback Analysis Report:**

The feedback collected from Students was analyzed and the following points are informed to the HOD and Principal.

1. Some students expressed their views about the experiments that are not very much related to real time applications.
2. Some students expressed their views about the course by considering extra learning or self learning is not upto the level depending upon the design of the course .

**Action Suggested:**

The feedback given by the Students about the courses is intimated to HOD and Principal. The following actions were suggested.

1. Extra coachings has to be provided for students for competitive examinations.
2. Guest lectures have to be arranged involving senior research persons.
3. Conferences have to be arranged involving industry into this.
4. Specific library hours have to be provided for students for self learning.

**DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING**

**Feedback Analysis Report:**

The feedback collected from Alumni was analyzed and the following points are informed to the HOD and Principal.

1. The suitability of course to the industry is also a point where people expressed after experiencing it practically.
2. Few people experienced and gave about irrelevance of experiments in Real time approach. They felt there is a need to bridge the gap between application platform and real-time platform.

**Action Suggested:**

The feedback given by the Alumni about the courses is intimated to HOD and Principal. The following actions were suggested.

1. About bridging the gap between application platform and real time platform, the principal suggested the HOD to organize various Workshops and Guest lectures to provide advanced technical knowledge both theoretically and practically in the relevant areas.
2. To meet industry requirements, internships have to be made mandatorily in order to gain good knowledge.
3. Including extra Lab sessions for non syllabus experiments.
4. To improve the language skills of students, the principal advised to conduct Language Enrichment classes for the students who were feeling difficulty. Also advised to conduct communication skills classes as part of regular timetable.

## STUDENT FEEDBACK ANALAYSIS REPORT

**SEMESTER : I**

**CLASS : II/IV BTECH**

**AY: 2019-20**

### **Feedback Analysis Report:**

The feedback collected from Students was analyzed and the following points are informed to the HOD and Principal.

1. Some students expressed their views about the course syllabus is not satisfactory to them in view of competencies of examinations.
2. Some students expressed their views about the course by considering extra learning or self learning is not upto the level depending upon the design of the course

### **Action Suggested:**

The feedback given by the Students about the courses is intimated to HOD and Principal. The following actions were suggested.

1. Guest lecturers have to be arranged involving senior research persons.
2. Specific library hours have to be provided for students for self learning.
3. More workshops have to be arranged in order to get students familiar to the real time applications of the experiments.

## **INDUSTRY EXPERT FEEDBACK ANALAYSIS REPORT**

**SEMESTER : I-II**

**AY: 2019-20**

**a. Structured Feedback Received:**

1. Few Industry experts expressed the standard of the design of course is not meeting the requirements of the industry.
2. Few Experts felt there is irrelevance of experiments in Real time approach. They felt there is a need to bridge the gap between application platform and real-time platform.

**b. Proposals:**

1. Depending on the industry requirements, it is better to give more information on industry based applications.
2. To meet industry requirements, internships have to be made mandatorily in order to gain good knowledge.
3. Separate course has to be added to improve the knowledge in order to motivate them towards entrepreneurship.

**c. Actions taken:**

Several Guest lectures and workshop were arranged for Final year students and third year students on topics which can give great information about situations after studies and entrepreneurship.

**STUDENT FEEDBACK ANALAYSIS REPORT**

**SEMESTER : I**

**CLASS : III/IV BTECH**

**AY: 2019-20**

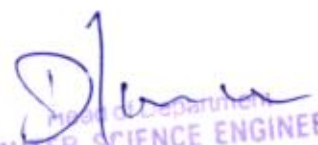

The feedback collected from Students was analyzed and the following points are informed to the HOD and Principal.

1. Some students expressed their views about the experiments that are not very much related to applications.
2. Some students expressed their views about the course by considering extra learning or self learning is not upto the level depending upon the design of the course .

**Action Suggested:**

The feedback given by the Students about the courses is intimated to HOD and Principal. The following actions were suggested.

1. Extra coaching's has to be provided for students for competitive examinations.
2. Guest lecturers have to be arranged involving senior research persons.
3. Conferences have to be arranged involving industry into this.
4. Specific library hours have to be provided for students for self learning.

**STUDENT FEEDBACK ANALAYSIS REPORT**

**SEMESTER : I**

**CLASS : IV/IV BTECH**

**AY: 2019-20**

The feedback collected from Students was analyzed and the following points are informed to the HOD and Principal.

1. Some students felt that there should be some scope given to the Extra learning or Self learning for the students to gain good knowledge.
2. Some students also expressed their views about the experiments that are plasticizing are not suitable to real life applications.

**Action Suggested:**

The feedback given by the Students about the courses is intimated to HOD and Principal. The following actions were suggested.

1. Involving students to read more information via textbooks to get good application oriented knowledge by proving library hour .
2. Specific TBS Sessions have to be provided for students for extra learning.
3. Guest lectures have to be arranged involving senior research persons.
4. More workshops have to be arranged in order to get students familiar to the real time applications of the experiments.

**MINUTES OF MEETING**

03-04-2019.

A meeting was conducted on 30-3-2019 to discuss about the planning and conduction of Certificate course during the academic year 2019-20 to the benefit for III B.Tech CSE students toward to fulfil the knowledge for industry need. The following members were attended the meeting and have approved to conduct the certificate course on “PYTHON PROGRAMMING” for III year students during the semester break or available holidays.

Members attended :

1. Dr.D.Srujan Chandra Reddy, Professor , Head of the Department,CSE Dept
2. Dr.K.V.Subbaiah, Professor,Dept of CSE.
3. Mr. P.Eswaraiah, Associate Professor, Professor,Dept of CSE.
4. Dr. V.V.Sunil Kumar , Associate Professor, Professor,Dept of CSE.
5. Mr.R.KondaReddy, Associate Professor, Professor,Dept of CSE.
