Sub: - A detailed report on Celebration of Swami Vivekananda Jayanthi-Reg

Swami Vivekananda, born Narendranath Datta, was an Indian Hindu monk. He was a chief disciple of the 19th-century Indian mystic Ramakrishna. Swami Vivekananda (1863-1902) is best **known** in the United States for his groundbreaking speech to the 1893 World's Parliament of Religions in which he introduced Hinduism to America and called for religious tolerance and an end to fanaticism.

Narendra studied Western logic, Western philosophy and European history at the General Assembly's Institution (now known as the Scottish Church College). In 1881, he passed the Fine Arts examination, and completed a Bachelor of Arts degree in 1884. Swami Vivekananda founded the Ramakrishna Math and the Ramakrishna Mission. He is perhaps best known for his speech which began with the words "Sisters and brothers of America ...," in which he introduced Hinduism at the Parliament of the World's Religions in Chicago in 1893.

Swami Vivekananda founded the Ramakrishna Ashram. In 1899, he established the Belur Math/monastery on the West Bank of the Ganges, which became an important centre for the teaching of the philosophy and principles associated with Vedanta. Swami Vivekananda inspired the youth in a more profound manner. he described and defined the youth stating that the generation with iron muscles and steel nerves. his speeches have worked out more to change the status of the then society that in turn changed the future of India. He died on July 4, 1902.

Future of our country depends on the youth who are now getting processed in many ways for which they require to look into the life history of great persons like Swami Vivekananda. Our Institute produced many employable youth and in the process of shaping their future and to improve the nature of social responsibility we take great persons like **Vivekananda** as reference and to to emphasize the ideas in the students we conduct many programmes. Among those programmes the celebration like Swami Vivekanda jayanthi is the one that makes us feel a great

privilege and we feel that this would be an encouragement to the budding engineers and will show a path to them as well since the lives of the engineers who served the human society would not to be ignored.

We further emphasize that there are so many engineers in the country who were obtained the engineering degree from our college are performing their duties with a more dedication and with more commitment in many areas like agriculture, industry, infrastructure development, transportation, communication, information management etc.

In view of remembering the eminent and dedicated educationalist and a great social reformer Swami Vivekananda, we are celebrating the birthday of on 12 January every year. On the Swami Vivekananda Jayanthi day we invite the retired engineers and also the social reformers who served a lot to the country have addressed the students and gave good suggestions, thoughts, ethics and morals. The other dignitaries on the dais were our Principal Prof. N.Seshaiah, Prof.C.Madana Mohana Rao, Senior faculty, Dept. of Mechanical engineering were invited. The invitees were given a good message to the students. Students felt very happy and the programme and it was a big success.

The program was covered by all the local TV channels and news with photographs were published in all daily news papers.

Sub: - A detailed report on Celebration of Youth Day-Reg

National Youth Day, also known as Vivekananda Jayanti, is celebrated on 12 January being the birthday of Swami Vivekananda. In 1984 the Government of India declared this day as National Youth Day and since 1985 the event is celebrated in India every year. National Youth Day is celebrated on January 12, every year in India to honor the birth anniversary of Swami Vivekananda, one of India's greatest leaders and believers of youth power. was an ardent disciple of Sri Ramakrishna Paramahansa and a major force in the revival of Hinduism in India. Every year June 16 in South Africa celebrates **Youth Day** which honors and pays tribute to the memory of the brave school children who lost their lives protesting against laws that made Africans compulsory in Black townships schools throughout the country.

Swami Vivekananda inspired the youth in a more profound manner. he described and defined the youth stating that the generation with iron muscles and steel nerves. his speeches have worked out more to change the status of the then society that in turn changed the future of India.

Future of our country depends on the youth who are now getting processed in many ways for which they require to look into the life history of great persons like Vivekananda. Our Institute PBR Visvodaya institute of technology and science is one among many prestigious institutions in the country which produced many employable youth and in the process of shaping their future.

To improve the nature of social responsibility we take great persons like Vivekananda as reference and to inculcate good ideas in the students we conduct many programmes. Among those programmes the celebration like Swami Vivekanda jayanthi on 12 January every year. This makes us feel a great privilege and we feel that this would be an encouragement to the

budding engineers and will show an exemplary path to them In view of remembering the eminent and dedicated educationalist and a great social reformer **Vivekananda**.

S NO	REGISTER NO	STUDENT NAME	CLASS	BRANCH	EVENT
1	17731A0443	G.Gruha Lakshmi	I B.Tech	ECE	Elocution
2	15731A0409	C.V.S.Nikitha	III B.Tech	ECE	Debate
3	17731A0435	B.Hepsiba	I B.Tech	ECE	Debate
4	17731A04F8	T.Neelambari	I B.Tech	ECE	Mono action

So the PBT VITS NSS UNIT considered this as a privilege and selected the best among the students in the respective events by conducting competitions within the college.

We were very happy to say that we were given an opportunity to take part in celebrating this NSS YOUTH FESTIVAL 2017 and these competitions certainly add color.

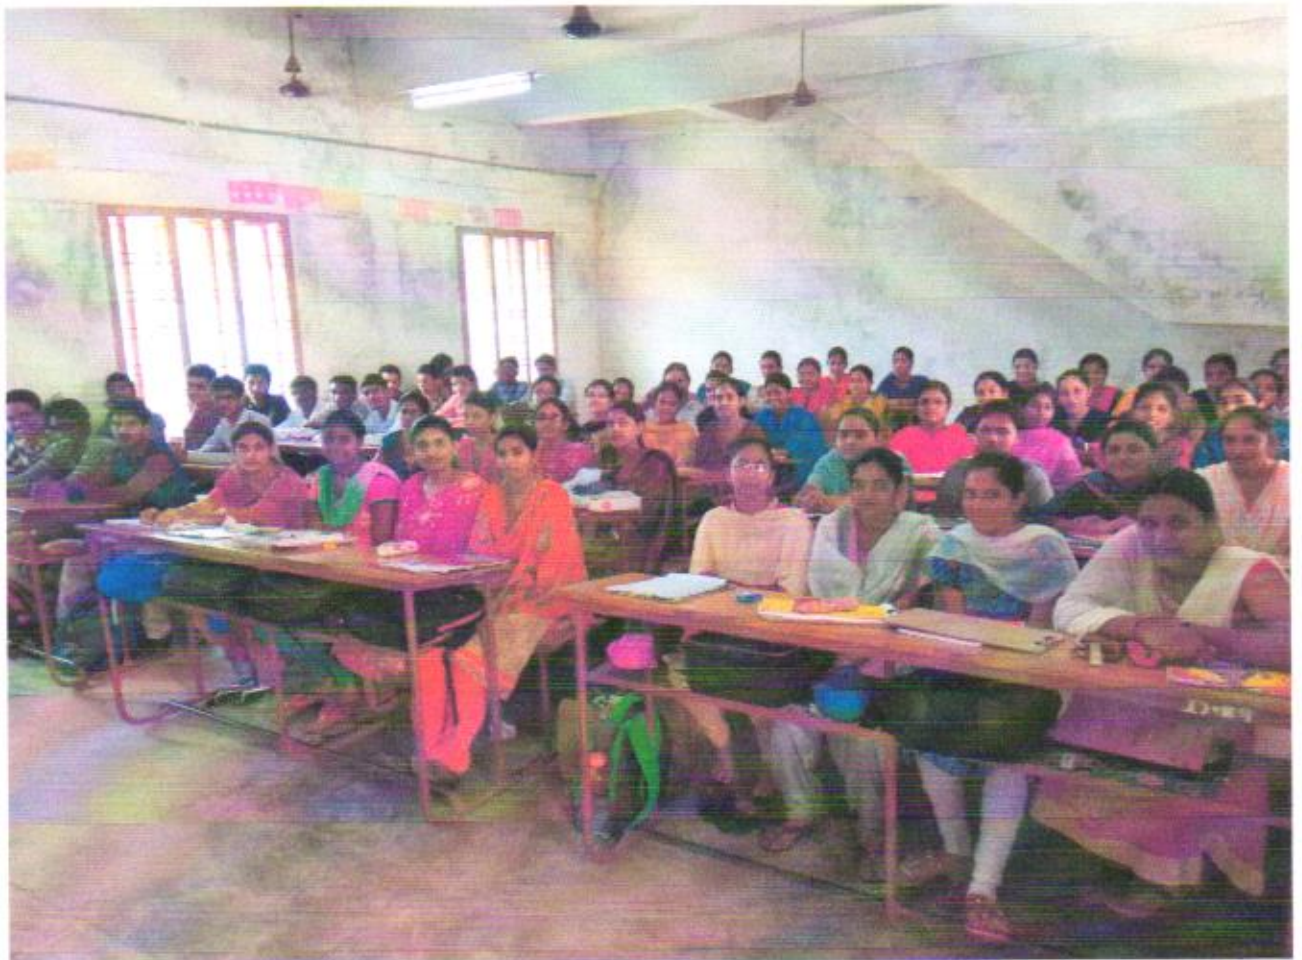

We have invited the retired engineers and also the social reformers who served a lot to the country have addressed the students and gave good suggestions, thoughts, ethics and morals. The other dignitaries on the dais were our Principal Prof. N.Seshaiah, Prof.C.Madana Mohana Rao, Senior faculty, Dept. of Mechanical engineering were invited. The invitees were given a good message to the students. Students felt very happy and the programme and it was a big success.

Sub: - A detailed report on Celebration of Gandhi Jayanthi – Reg

Mahatma Gandhi, was an Indian lawyer, anti-colonial nationalist, and political ethicist, who employed nonviolent resistance to lead the successful campaign for India's independence from British rule, and in turn inspired movements for civil rights and freedom across the world. The English—as India's colonizers—harbored some resentment toward him, as he toppled one of the first dominoes in their global imperial regime. His family stayed in India while Gandhi went to London in 1888 to study law and to South Africa in 1893 to practice it. Gandhi's campaigns sought to combat the second-class status Indians received at the hands of the British regime..He is considered as “Father of Indian nation. He was awarded with the title called Mahaathma”.

Celebration of Gandhi jayanthi is the one that makes us feel a great privilege and we feel that this would be an encouragement to the budding engineers and will show a path to them as well since the lives of the engineers who served the human society would not to be ignored. Every citizen is require to look into the life history of great persons like Mahathma Gandhi. Our Institute is a prestigious institutions in the country which produced many employable youth and in the process of shaping their future and to improve the nature of social responsibility we take great persons like Mahatma Gandhi.

In view of remembering the eminent and dedicated his life to release the country from the hands of British and a great social reformer Mahatma Gandhi, we are celebrating the birthday of on 2nd October every year.

We further emphasize that there are so many engineers in the country who were obtained the engineering degree from our collge are performing their duties will maintain the morals and with more commitment in many areas like agriculture, industry, infrastructure development, transportation, communication, information management etc.

Sub: Celebration of *Independence day*_Submission of report- Reg.

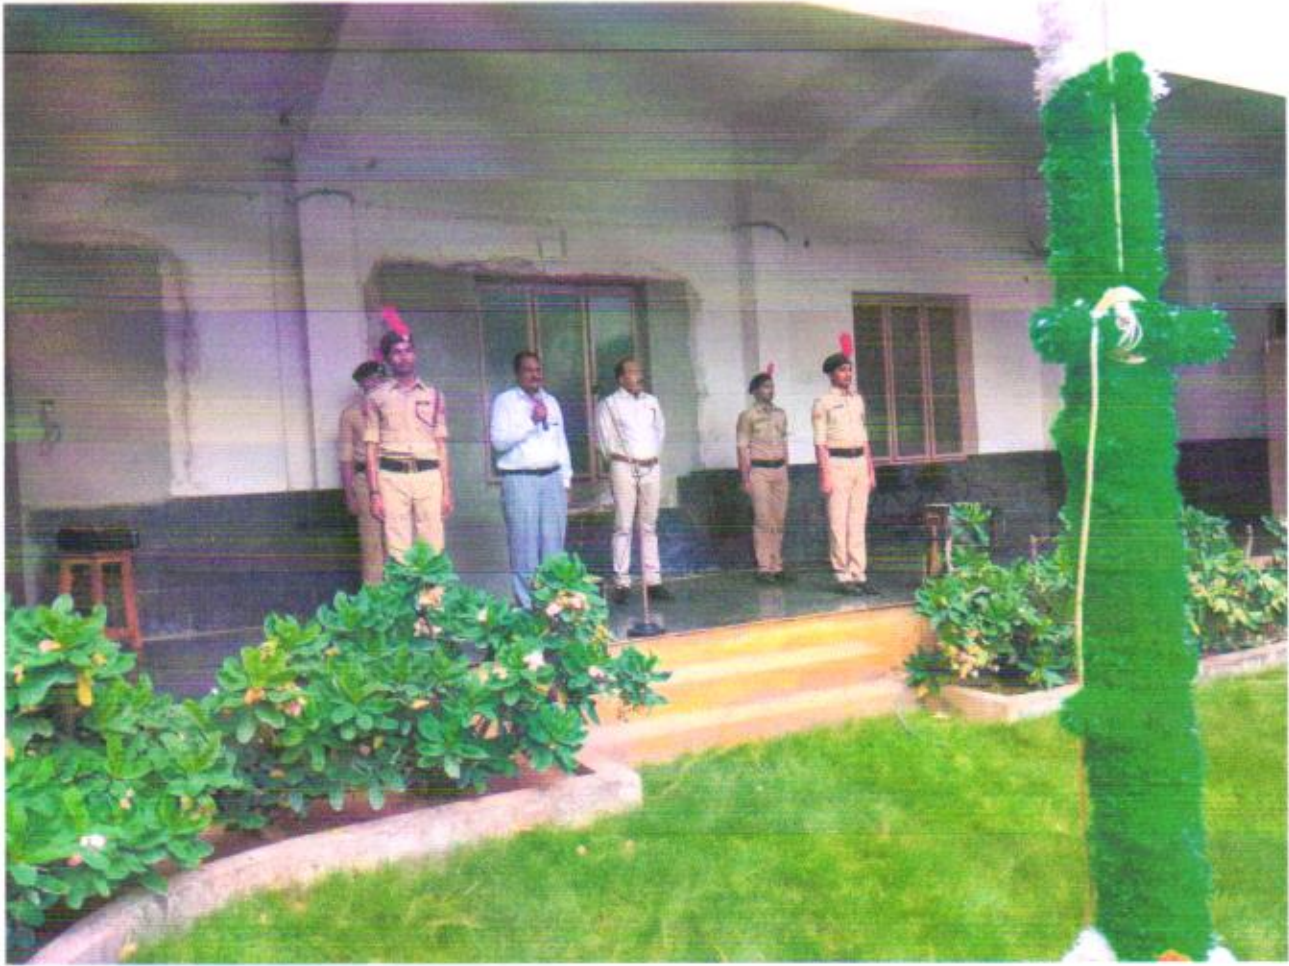

All of us know the importance of republic day since it is the pride for the whole India be recognized as the country having ability to run on its own with a parliament having independent existence and does not require the support of any other nation in framing the rules, making bills and for proper implementation. So our country was freed completely from the hands of british .so we celebrate this in the name of republic day to commemorate the freedom attained out of our capabilities and our constitution come into force.

To celebrate this occasion we the PBR VITS NSS UNIT took active part in the flag hoisting programme in the college. Students have gathered good number in the early morning .the programme was started with unwilling of national flag by chief guest International Women Athelet Smt Koteswaramma. Later she delivered the speech emphasizing the role of students in building new India followed by the speeches given by the principal PBR VITS Prof. N.Seshaiah has explained the dedication and sacrifice of the freedom fighters through which we could achieve the freedom. There speeches given by the lecturers stating the sincerity and commitment to be adapted by the present generation with a goal to make India a model country. Thereafter the students also made promises pertaining to their role so that the country could grow the expectations of our leaders dreaming to make India a super powered nation with resources and an exemplary life style by implementing two mantras 'swatcha bharat' and 'make in India'

While the completion of the programme the students sang national anthem followed by the distribution of sweets.
