DIRECTOR OF EVALUATION

INSTRUCTIONS TO THE EXPERTS APPOINTED FOR PREPARATION OF SCHEMES

- 1) For theory questions, the scheme of valuation should contain salient points of good answers and marks for each stage/point shall be clearly indicated.
- 2) For Numerical problems, the equations to be used, assumptions to be made if any, and important steps of the solution shall be clearly given. Answers for intermediate stages, and final value is to be provided in the scheme of valuation. Marks allotted to each stage of problem shall be indicated clearly.
- 3) For Engineering Drawing/Graphics subject, starting from initial position to the final stage of drawing including intermediate steps shall be drawn. While drawing these stages, the drawings need not be drawn to scale; however the general shape and orientation of each stage shall be clearly shown. Marks allocated to each stage of drawing shall be clearly indicated. Care should be taken to allocate marks to the procedure involved in the final solution and the shape and orientation of the final figure alone shall not be considered for award of marks.
- 4) If you feel that a particular question is out of syllabus or with insufficient data, you are requested to suggest the number of questions to be considered for the award of final marks and suitable multiplication factor.

INSTRUCTIONS TO THE EXPERTS APPOINTED FOR PREPARATION OF SCHEMES

1. For theory questions, the scheme of valuation should contain salient points of good answers and marks for each stage/point shall be clearly indicated including for question 1.
2. For Numerical problems, the equations to be used, assumptions to be made if any, and important steps of the solution shall be clearly given. Answers for intermediate stages, and final value is to be provided in the scheme of valuation. Marks allotted to each stage of problem shall be indicated clearly.
3. For Engineering Drawing/Graphics subject, starting from initial position to the final stage of drawing including intermediate steps shall be drawn. While drawing these stages, the drawings need not be drawn to scale; however the general shape and orientation of each stage shall be clearly shown. Marks allocated to each stage of drawing shall be clearly indicated. Care should be taken to allocate marks to the procedure involved in the final solution and the shape and orientation of the final figure alone shall not be considered for award of marks.
4. If you feel that a particular question is out of syllabus or with insufficient data, you are requested to suggest the number of questions to be considered for the award of final marks and suitable multiplication factor.
5. The Scheme should be in detailed such that the evaluator's do not have any problem or doubts while evaluating the answer scripts.

Their period of absence shall be treated as on duty and they are allowed to claim the eligible T.A. and D.A. as per University Rules. The examiners are advised to be present at the spot valuation center on the commencement date to ensure smooth conduct of spot valuation without fail.

The Principals are requested to intimate the same to the staff members concerned and each staff member may kindly be given a **copy of this order along with relieving order**. Further a copy of the instructions to the examiners is here with enclosed. They have to follow the instructions scrupulously.

NOTE:

1. If any staff member listed in above order has observer duty, or not able to attend the spot valuation, the Principals are requested to make suitable alternative arrangement from amongst their staff members and the same may be intimated to the undersigned.

2. The examiners are requested to carry photo ID card of the college for Spot Valuation, which is mandatory without which they will not be allowed for Spot Valuation.

For any clarifications the Principals may contact Dr.M.Ramasekhara Reddy, Additional Controller of Examinations Mobile No: 9000551724.

DIRECTOR OF EVALUATION

INSTRUCTIONS TO THE EXPERTS APPOINTED FOR PREPARATION OF SCHEMES

- 1) For theory questions, the scheme of valuation should contain salient points of good answers and marks for each stage/point shall be clearly indicated.
- 2) For Numerical problems, the equations to be used, assumptions to be made if any, and important steps of the solution shall be clearly given. Answers for intermediate stages, and final value is to be provided in the scheme of valuation. Marks allotted to each stage of problem shall be indicated clearly.
- 3) For Engineering Drawing/Graphics subject, starting from initial position to the final stage of drawing including intermediate steps shall be drawn. While drawing these stages, the drawings need not be drawn to scale; however the general shape and orientation of each stage shall be clearly shown. Marks allocated to each stage of drawing shall be clearly indicated. Care should be taken to allocate marks to the procedure involved in the final solution and the shape and orientation of the final figure alone shall not be considered for award of marks.
- 4) If you feel that a particular question is out of syllabus or with insufficient data, you are requested to suggest the number of questions to be considered for the award of final marks and suitable multiplication factor.

Their period of absence shall be treated as on duty and they are allowed to claim the eligible T.A. and D.A. as per University Rules. The examiners are advised to be present at the spot valuation center on the commencement date to ensure smooth conduct of spot valuation without fail.

The Principals are requested to intimate the same to the staff members concerned and each staff member may kindly be given a copy of this order along with relieving order. Further a copy of the instructions to the examiners is here with enclosed. They have to follow the instructions scrupulously.

NOTE:

1. If any staff member listed in above order has observer duty, or not able to attend the spot valuation, the Principals are requested to make suitable alternative arrangement from amongst their staff members and the same may be intimated to the undersigned.
2. The examiners are requested to carry photo ID card of the college for Spot Valuation, which is mandatory without which they will not be allowed for Spot Valuation.

For any clarifications the Principals may contact Dr.M.Ramasekhara Reddy, Additional Controller of Examinations Mobile No: 9000551724.

INSTRUCTIONS TO THE EXPERTS APPOINTED FOR PREPARATION OF SCHEMES

- 1) For theory questions, the scheme of valuation should contain salient points of good answers and marks for each stage/point shall be clearly indicated.
- 2) For Numerical problems, the equations to be used, assumptions to be made if any, and important steps of the solution shall be clearly given. Answers for intermediate stages, and final value is to be provided in the scheme of valuation. Marks allotted to each stage of problem shall be indicated clearly.
- 3) For Engineering Drawing/Graphics subject, starting from initial position to the final stage of drawing including intermediate steps shall be drawn. While drawing these stages, the drawings need not be drawn to scale; however the general shape and orientation of each stage shall be clearly shown. Marks allocated to each stage of drawing shall be clearly indicated. Care should be taken to allocate marks to the procedure involved in the final solution and the shape and orientation of the final figure alone shall not be considered for award of marks.
- 4) If you feel that a particular question is out of syllabus or with insufficient data, you are requested to suggest the number of questions to be considered for the award of final marks and suitable multiplication factor.
