Nature and Extent of involvement of Faculty and students in academic affairs/ improvements

Seminar & Placement Committee
        The students and faculty members are involved as the members of the Committee.
Committee on Academic Affairs
        Held once in a month. The faculty members and some students are participating in this   meeting.   The committee discuss about the ongoing academic affairs and its future   improvement.

Mechanism/ Norms and Procedure for democratic/ good Governance
Good governance facilitates a well administered institution and leads to its recognition. This recognition builds up confidence in the stakeholders which leads to its patronage. Thus, PBRVITS has decided to harp on the opportunity provided to establish itself as one of the Institutes of Excellence in the country through its strategic planning and good governance initiatives.
 Student Feedback on Institutional Governance/ Faculty performance
a. After each semester each student fills Online feedback form for the faculty who taught them.
b. The faculty is graded on scale of 1 to 5 for 1 each attribute.
c. The data is compiled, analyzed and the faculty is briefed accordingly by Director/HOD's.

Grievance Redressal mechanism for Faculty, staff and students
There is a Grievance Redressal Committee, which is functioning to look into the grievances of the students, teaching and non-teaching staff.

The management of the college follows an open system of administration and grievances from staff and students are given the utmost attention.
Complaints and suggestion boxes are kept at a number of places in the campus and also in the hostels.
The suggestions and complaints are carefully looked into and remedial measures undertaken. Responses are also publicized through notice boards.

In case of indiscipline, a committee appointed by the principal enquires into the matter by calling witnesses and recommendations are made about the action to be taken by the management.

Grievances regarding the staff in terms of salary, promotions etc., are carefully looked into by the HR department in consultation with the Principal and remedial measures taken.

Class Committee meetings are held in which grievances of students are taken note of and remedial measures taken.

A student welfare officer looks into the welfare of the students and advises the management for necessary action.

Establishment of Anti Ragging Committee
Main Committee:

1	Chairman	Dr D Srujan Chandra Reddy
2	Members	All HODs
3	Member Secretary	Mr P Eswaraiah i/c I B.Tech
4	Member	Class Teacher of student involved in ragging
5	Member	Hostel Warden
6	Member	Sri P Mallikarjuna Sarma, -Parent,
7	Member	Sri V Ravi Kumar- Parent,

Monitoring Committee:

1	Member	Sri K V Subbaiah, Vice Principal
2	Member	Sri B Konda Reddy, Vice Principal
3	Member	Sri A Bhakthavachala Asst. Professor
5	Member	Smt V Subhakanthi, Asst Professor
6	Member	Smt P Hariprasanna, Asst Professor
7	Member	Warden Girls Hostel
8	Members	Student representatives two from each class

Establishment of Online Grievance Redressal Mechanism

1	Chairman	Dr D Srujan Chandra Reddy, HOD, CSE
2	Member Secretary	Dr V V Sunil Kumar, Vice Principal
3	Members	All HODs
4	Members	Concerned classes teacher
5	Member	Smt P Hari Prasanna, Assoc. Professor
6	Member	Mrs Naga Lakshmi, Asst. Professor
7	Member	Hostel Warden

Establishment of Grievance Redressal Committee in the Institution and Appointment of OMBUDSMAN by the University
The Director, Accademic Audit, JNTU Anantapur, anantapuramu

Establishment of Internal Complaint Committee (ICC)

 Placement Facilities

Placement cell of the college frequently interacts with various companies and invites them for campus interviews. The Placement cell arranges training programs in honing the skill sets, required for facing the interview, group discussion etc. It also invites HR managers from various organizations to conduct training programs for the final year students.

At Visvodaya, Personality Development programme is a part of the curriculum. Thoughtfully designed multi faceted Personality Development modules enable students to identify and overcome their limitations and thereby transform themselves into competent technocrats and highly employable engineers.

The Cell has been playing the dual role of assessing the ever-changing industrial requirements and estimating inherent talents of the students. The students are guided for Off-campus and On-campus interviews. It also organizes Personality development programs and Entrepreneurship programs periodically.

11. Admission Procedure
☐ Mention the admission test being followed, name and address of the Test Agency and its URL
http://www.apsche.org/apsche_new/

12. Criteria and Weightages for Admission
AP is one of the states in India where UG engineering (B.Tech/ B.E) admissions are purely based on the merit in the entrance exam. Andhra Pradesh State Council for Higher Education (APSCHE) is responsible for conducting Andhra Pradesh B.Tech admission process while the entrance test for engineering courses is conducted by JNTU (Jawaharlal Nehru Technological University) Kakinada. Every year, lakhs of students compete for B.Tech admission in Andhra Pradesh. Second-year intermediate (Class 12) students who are aspiring to join B.Tech course in Andhra Pradesh must clear the entrance exam in order to secure admission. The entrance exam is conducted for Engineering, Agriculture and Pharma courses. All the details about Andhra Pradesh engineering admissions, B.Tech admission dates of Andhra Pradesh, B.Tech eligibility criteria, the selection procedure for B.Tech courses in Andhra Pradesh and application form can be checked here http://www.apsche.org/apsche_new/

13. List of Applicants
14. Results of Admission Under Management seats/Vacant seats
15. Information of Infrastructure and Other Resources Available

Instructional Area:

Barrier Free Built Environment for disabled and elderly persons	Available
Occupancy Certificate	Available
Fire and Safety Certificate	Available
Hostel Facilities	Available

Library

a) Library carpet area (in sq.m)   :   1320 Sq.m
b) Reading room seating capacity   :   300
c) Library Timings   :   8:30 AM to 6:00 PM
d) Reprographic / Photostat facilities   :   Available
e) Whether Library automation software is being used: Yes

g) Books and Journals   :

S.No.	Course	No. of Books available		No. of Journals available		
		No. of titles		No. of volumes	journals	
1	UG & PG Engineering	6763	30949	56	19	Available
2	MBA	527	4500	18	0	Available
3	MCA	726	5500	18	0	Available
	Total	8016	40949	92	19	Available

g) Digital Library:
i) Availability   :   Yes
        ii) No.of Computers in reading room   :   30
        iii) NPTEL learning material   :   Yes
        iv) Any other e-learning resources   :   Yes
        v) Are they members of JNTUA Consortium: No
            of Institutions of Library Resources
        vi) DELNET available or not (with proof)   :   yes

Laboratory and Workshop
 List of Major Equipment/Facilities in each Laboratory/ Workshop
 List of Experimental Setup in each Laboratory/ Workshop
Computing Facilities
a) Total number of Computers available (excluding those available
with Library, Administrative offices and Faculty members):   703

b)

Computers allotted to UG	UG Students	Computer to student ratio
B.Tech 460	2760	1:6

c)

Computers allotted to PG	PG Students	Computer to student ratio
MBA 40	240	1:6
M.Tech 36	144	1:4

d) Internet Bandwidth available   :   500 Mbps

e) Whether Wi-Fi facility is available to staff & students: Yes

Software
Details of licensed system software available: 8
(List of License numbers / Key or proof of purchase to be enclosed)
Details of licensed application software available: **60**

Software Name	No. of Licenses
Mat Lab 2009	15
Borland Turbo C	30
Adobe Photoshop	10
Borland Turbo C++	30
Micro soft Office project proffessional	1
Office one note 2010	1
Pro-E	5
Weka	30
Windows Driver Kit(6001.18001)	120
Rational Rose	30
Apache Tomcat server	1
Xilinx 8.0	25
Windows server 2008R2 with service pack(*64)	2
Windows XP Professional withservice pack 2	60
Auto CAD 2014	60

 Internet Bandwidth
        i) No.of terminals with internet connection   :   All Lab Connected to LAN
        ii) Availability to students (timings)   :   9.00 AM to 6.00 PM
        iii) Internet bandwidth   (Mbps)   :   100 Mbps

 Games and Sports Facilities   : Tennis, Volley Ball, Basket Ball, and Shuttle Badminton

 Extra-Curricular Activities   :   NSS & NCC

 Soft Skill Development Facilities:

1	Conference Hall for pre-placement talks/ HR interactions
2	Fully ac interview cabins
3	Video conferencing facilities
4	Group Discussion rooms
5	Guest Discussion rooms
6	Guest rooms for Visiting teams to stay
7	Fully equipped computer labs for conducting online tests.
8	Well trained supporting staff during the process

□ Teaching Learning Process

Policies of engineering education system, learning styles of most engineering students, and teaching practices of engineering professors are incompatible in several dimensions. These mismatches lead to poor student performance, professorial frustration, and the society looses many potentially talented engineers. Most of the students focus on the results and recruitments. Unfortunately, focus towards acquiring knowledge takes a back seat. In consequence, students become bored and inattentive in class which further affects the quality of the student. Towards improving the quality of engineering graduates, this paper advocates for a paradigm shift in the mindset of education providers, policy makers, recruiters, parents, and future technocrats, and proposes a few practices for strengthening the knowledge acquisition process.

Curricula and syllabus for each of the Programmes as approved by the University
As per J N T University, Anantapur - https://dap.jntua.ac.in/

20. Best Practices adopted, if any

1   "Growing Within: Nurturing the potential of students, enabling them, empowering them to carve their unique paths". It helps to facilitate self-growth, self-worth and actualization of potential of the students through myriad ways of empowerment and competence building.

2   Practices like experiential learning, using the method of power-point presentations to help them organize their thinking process and build professional skills, using audio-visual aides (such as screening of films and plays, displaying paintings, photographs etc.), holding talks by experts in certain given fields and promoting wellbeing through the activities such as breathing exercises or rigorous physical activity endorses a student centric, self-directing pedagogy. Through constructive feedback, open communication, inculcating a culture of critical thinking and holding an array of in-depth discussions, the college has managed to uplift its most underprivileged members to

be more self-reliant, career oriented and great leaders. The teaching culture here seeks to highlight and thereby have the students appreciate that the true essence of life lies outside the bounds of black and white, and in a wide varieties of shades. Practice such as appreciating text is to enable students to draw life-world reflected in the text. The students learn to think beyond right-wrong, profit-loss, abnormal-normal, beautiful-ugly and start an educative experience on range not limited by these extremities. This is also possible through the individualized mentoring and counselling that the teachers provide to the students. Our college library with its varied collection of books, journals, magazines and e-resources also opens a window to the wider world for the students.

3   Reaching Out: Strengthening Ties with the Community". It helps to cultivate a sense of social responsibility in the students and inspire community work that would also help in bridging the theory-praxis divide. This entails taking teaching beyond books and text and bringing it closer to context. Staff Council of the college created Social Outreach and Community development committee which launched "Project HUM" with an objective to foster "Reaching Out" initiative of the college.

4   The college has solar lights as initiatives for energy conservation and use of renewable energy. In the pipeline is a proposal to provide centralized air-conditioning in the college library through solar energy.
