INSTITUTE: VISION & MISSION

Vision of the Institute:

To be a premier center of learning in Engineering and Management education that evolves the youth into dynamic professionals with a social commitment

Mission of the Institute:

M1: To provide quality teaching- learning practices in engineering and management education by imparting core instruction and state-of-the-art infrastructure.

M2: To engage the faculty and students in acquiring competency in emerging technologies and research activities through Industry Institute Interaction.

M3: To foster social commitment in learners by incorporating leadership skills and ethical values through value-based education.

CSE
PBR VITS

DEPARTMENT OF COMPUTER
SCIENCE & ENGINEERING

DEPARTMENT PROFILE

The Department of Computer Science and Engineering (CSE) at PBRVITS is a hub of innovation and excellence, nurturing the next generation of tech leaders. Established with a vision to impart cutting-edge knowledge, the department offers undergraduate and postgraduate programs that combine rigorous academics with hands-on experience. With a team of highly qualified and experienced faculty members, state-of-the-art infrastructure, and industry partnerships, CSE at PBRVITS provides students with a comprehensive education, empowering them to tackle complex challenges in the ever-evolving tech landscape.

The department was established in the year 1998 with an initial intake of 40 and the department is currently running with an intake of 480 seats. The department's research-focused approach encourages students to explore emerging areas like Artificial Intelligence, Machine Learning, Data Science, Cyber Security, and Internet of Things (IoT). Faculty members are actively involved in research, publishing papers in top-tier journals and conferences. The department is working hard to give real time industry exposure to its students through the two Centers of excellence. (Virtusa and ePam). Students benefit from collaborative projects, internships, and placements with leading tech companies.

The department's commitment to excellence is reflected in its accomplished alumni, who have made their mark in the industry and academia. With its unique blend of academic rigor, innovative research, and industry connections, the CSE department at PBR VITS is poised to shape the future of technology.

DEPARTMENT: VISION & MISSION

Vision:
“To be a recognized Centre in the field of Computer Science & Engineering by imparting quality education and also equipping the students with latest technologies, soft skills and ethical values to face the challenges in industry & society.”

- Mission:**
- M1:** To provide quality education by imparting state of the art facility in Computer Science Engineering.
 - M2:** Enrich the students with innovative and problem solving skills by establishing continuous Industry Institute interaction.
 - M3:** To prepare the learners possessing social commitment and ethical values to face the dynamic challenges of industry and society.

PROGRAM EDUCATIONAL OBJECTIVES

- PEO-I:** Graduates shall be able to apply principles learnt from the programme with analytical thinking and problem solving skills for developing software systems and creates value to organization as an employee.
- PEO-II:** Assess real time problems and develop suitable technological solutions to fulfil the requirements of their professional career and pursue higher education to become a prolific researcher.
- PEO-III:** Assess real time problems and develop suitable technological solutions to fulfil requirements of Software Industry.

PROGRAM OUTCOMES (POs)

- 1) Engineering knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.
- 2) Problem analysis: Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.
- 3) Design/development of solutions: Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.
- 4) Conduct investigations of complex problems: Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.
- 5) Modern tool usage: Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modelling to complex engineering activities with an understanding of the limitations.
- 6) The engineer and society: Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.
- 7) Environment and sustainability: Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.
- 8) Ethics: Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.
- 9) Individual and team work: Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.
- 10) Communication: Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.
- 11) Project management and finance: Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.
- 12) Life-long learning: Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

PROGRAM SPECIFIC OUTCOMES (PSOs)

PSO-1 : Apply Software Engineering Principles and Practices to provide software solutions.

PSO-2 : Design and Develop Network, Mobile and Web-based Computational systems under realistic constraints.

41	Mr KUNI SAI SUMANTH	M.E/M.Tech	Assistant Professor
42	Mr UPPARAPALLI SRINIVASULA REDDY	M.E/M.Tech	Assistant Professor

NPTEL COURSES

1. NPTEL Certificate Course entitled “Introduction to Machine Learning” authored Mrs.G.Tirumala, Assistant Professor, Department of CSE during Jul-Oct 2024, from IIT Madras.
2. NPTEL Certificate Course entitled “Introduction to Machine Learning” authored by Mr.T.Dayakar, Assistant Professor, Department of CSE during Jul-Oct 2024, from IIT Madras.
3. NPTEL Certificate Course entitled “Introduction to Internet of things” authored by Mr.Shabbir Basha , Assistant Professor, Department of CSE during Jul-Oct 2024, from IIT Kharagpur.
4. NPTEL Certificate Course entitled “Introduction to Internet of things” authored by Mr.AS Rao , Assistant Professor, Department of CSE during Jul-Oct 2024, from IIT Kharagpur.
5. NPTEL Certificate Course entitled “Cloud computing” authored by Mr.G.Venateswarulu reddy, Assistant Professor, Department of CSE during Jul-Oct 2024, from IIT Kharagpur.
6. NPTEL Certificate Course entitled “Cyber security and privacy” authored by Dr.P.V.N Rajeswari, Associate Professor, Department of CSE during Jul-Oct 2024, from IIT Roorke.

GUEST LECTURES/WORKSHOPS/ADD-ON COURSE /EVENTS

1. ETHICAL HACKING

Department of Computer Science & Engineering and CSI Students Chapter have Organized a Workshop on “Ethical Hacking” from 22-08-2024 to 24-08-2024 for IV B.Tech CSE Students. In this program, 116 students and 5 faculty members have attended. This workshop was inaugurated by Dr.G.Vijay Kumar, HOD of CSE, who stressed the need of “Awareness in Ethical Hacking” with reference to the present day scenario in his inaugural speech.

The resource person Dr.Sai Satish, handled this workshop. During the sessions he introduced the Hacking Techniques and showed how to prevent from various hacking threats. Students were introduced to many Hacking scenarios.

OUTCOMES: Students were able to

- Use various Hacking Tools
- Apply Hacking Concepts
- Analyze various Hacking scenarios by applying them on Websites
- Protect their own privacy on social media.

2. PHOTOGRAPHIC DAY

Department of Computer Science & Engineering has organized a “World Photographic day” on 31-08-2024. Renowned professional photographer P.Srinivasa Rao from Kavali, with over three decades of experience, served as the judge for the photography competition. A total of 53 students registered and 34 photographs were submitted for the competition, showcasing diverse themes and techniques. The exhibition was open to visitors from 3:00 PM to 4:20 PM, who cast their votes for the Popular Choice Award.

OUT COMES:

- The event successfully celebrated World Photography Day, promoting the art and science of photography among visitors.
- The competition encouraged photographers to showcase their creativity and innovation.
- The Popular Choice Award engaged visitors and encouraged them to participate in the event

3. DEEP LEARNING & APPLICATIONS

Department of Computer Science & Engineering has organized a Guest Lecture on “Deep Learning Applications” on 31-08-2024 for III B.Tech CSE Students. In this program, 125 students and 4 faculty members have attended. This Guest Lecture was inaugurated by Dr. G.Vijay Kumar, HOD of CSE.

The resource person, Dr.K Lavanya handled this session. During the sessions she introduced the Deep learning concepts and familiarized the students with the recent trends in that domain. Students were introduced to many Deep Learning Applications.

OBJECTIVES :

- To introduce the students the concepts of Deep Learning
- To motivate students towards AI and its various domains
- To familiarize the students to different Applications of Deep Learning.

OUTCOMES: Students are able to

- Differentiate between ML and Deep learning concepts
- Familiarized with various DL applications

4. ICRACE - 2024

The International Conference on Recent Advances in Computing and Electronics (ICRACE-2024) was successfully held on 31-08-2024 at campus-II. The conference featured many paper presentations by authors from reputed organizations like NITs, Government Universities, private universities, and affiliated colleges. The conference was inaugurated by the Chief Guest, Dr.M.Durga Rao, Scientist and Head, Radar Applications and Development Group, NARL, Department of Space, Tirupati, and the Keynote Speaker, Dr.K.Lavanya, Assistant Professor, Department of CSE, Acharya Nagarjuna University, Guntur, delivered a thought-provoking speech on the latest trends in computing and electronics.

The conference provided a platform for researchers and experts to share their knowledge and expertise with the participants, facilitating the exchange of ideas and collaboration among researchers, academicians, and industry professionals. The conference proceedings book with an ISBN number was released by the Conference Chair, Dr. N. Sessaiah, Principal, PBR VITS, and is uploaded to the Raja Rammohun Roy National Agency for ISBN. Overall, ICRACE-2024 was a resounding success, providing a valuable opportunity for experts and researchers to share their knowledge and advance the field of computing and electronics.

5. VISVOTSAV-24

The PBR Visvodaya Institute of Technology & Science conducted National Level Technical Symposium Visvotsav-2K24 on 14.09.2024 & 15.09.2024. The function was inaugurated by the Principal Dr.N.Sessaiah. He encourages the students and suggested how to build up a goal and how to achieve their goals with an examples. The chief guest Daggupati. Kavya Krishna Reddy garu (Kavali-MLA) suggested management to organize more number of events to improve technical skills of the students and also encourage the students how to achieve their goals.

6. AMAZON WEB SERVICES

Department of Computer Science & Engineering and CSI Students Chapter have Organized a Certificate course on “Amazon Web Services” from 23-09-2024 to 27-09-2024 for III B.Tech CSE Students. In this program, 283 students and 6 faculty members have attended. This workshop was inaugurated by Dr.G.Vijay Kumar, HOD of CSE.

The resource person Dr M Rahamatullah, handled this workshop. During the sessions he introduced the AWS concepts and showed how to implement applications. Students were introduced to various Cloud services platforms.

OBJECTIVES :

- To familiarize the students towards Cloud Computing Services
- To introduce various technologies available for cloud services
- To implement cloud applications in AWS.

OUTCOMES: Students were able to

- Use various Cloud Platforms
- Analyze various scenarios by and build appropriate Applications on cloud
- Connect to Remote Databases
- Deploy various Applications on AWS

7. ELOCUTION ON DRUG ADDICTION

The Department of CSE in association with the NSS unit of our college organized an elocution competition on the topic "Drug Addiction" on September 25, 2024, at the Cotton Block, Room No. 118 and participants delivered powerful speeches that highlighted the dangers of drug addiction, its impact on individuals and society, and potential solutions to address this problem. The event aimed to raise awareness about the dangers of drug addiction and its impact on individuals and society.

The elocution competition on the topic "Drug Addiction" was a thought-provoking event that brought together passionate speakers to share their perspectives on this critical issue.

In this competition 38 students are registered and 35 students from CSE department participated in the competition, delivering speeches that showcased their research, creativity, and public speaking skills. The speeches covered various aspects of drug addiction, including its causes, effects, prevention strategies, and personal stories of struggle and recovery. Participants emphasized the importance of awareness and education in preventing drug addiction, stressing that knowledge is power in the fight against substance abuse. Several speakers shared personal stories of struggle and recovery, showcasing the human side of addiction and the resilience of the human spirit.

8. IOT APPLICATIONS

Department of Computer Science & Engineering and CSI Students Chapter have Organized a Certificate Course on "IoT Applications" from 30-09-2024 to 4-10-2024 for II B.Tech CSE Students. In this program, 278 students and 4 faculty members have attended. This workshop was inaugurated by Dr.G.Vijay Kumar, HOD of CSE, who stressed the need of "IoT Technology" with reference to the present day scenario in his inaugural speech.

The resource person Mr.Yoganandh, Embeded System.Engineer, SVIS,Tirupati, handled this workshop. During the sessions he introduced the IOT concepts and showed how to implement applications. Students were introduced to various IOT platforms.

OBJECTIVES :

- To familiarize the students towards IoT Applications
- To introduce various technologies available for IoT on cloud services
- To implement and deploy IoT applications.

OUTCOMES: Students were able to

- Use Audrino IDE to implement innovative ideas
- Analyze various Societal Problems and provide IoT solutions
- Deploy various IoT Applications on Cloud

P. B. R. VISVODAYA INSTITUTE OF TECHNOLOGY & SCIENCE
(AUTONOMOUS)
(Affiliated to J.N.T.U.A. approved by AICTE and Accredited by NAAC & NBA)
Udayagiri Road, KAVALI - 524 201, SPSR Nellore (Dist), A.P.

Department of CSE
A Certificate Course on:
"IoT Applications"
Date: 30-10-2024 TO 04-10-2024
Resource person: Mr. Yoganandh
Emb'd Sys. Eng, SVIS, Tirupati.

9. PERSONALITY DEVELOPMENT AND STRESS MANAGEMENT

Department of Computer Science & Engineering has organized a Guest Lecture on “Personality development and stress management” on 30-09-2024 for I B.Tech CSE Students. In this program, 182 students and 4 faculty members have attended. This Guest Lecture was inaugurated by Dr.G Vijay Kumar, HOD of CSE, who stressed the need of “Stress Management” in daily lives of students with reference to the present day scenario of increasing mental health issues.

The resource person, Dr.S.Dinakar Reddy handled this session. During the sessions he introduced various real life scenarios and familiarized the students with the factors causing the stress. He gave some tips and techniques to students to overcome the stress.

OBJECTIVES :

- To improve students personality
- To increase management of stress in student community

OUTCOMES: Students are able to

- Understand the Depression symptoms
- Develop a better personality.

PBR VISVODAYA INSTITUTE OF TECHNOLOGY & SCIENCE
(Autonomous)
KAVALI, NELLORE District, Andhra Pradesh-524201
A GUEST LECTURE ON
PERSONALITY DEVELOPMENT AND STRESS MANAGEMENT
On 30-09-2024
Resource person:
Dr.S.Dinakar Reddy, CEO, VFT Group, Tumkur
Organized by: Department of Computer Science and Engineering

10. MOBILE APPLICATION DEVELOPMENT

Department of Computer Science & Engineering and CSI Students Chapter & IIC have Organized a 3-Days Workshop on “Mobile Application Development” from 23-10-2024 to 25-10-2024 for IV B.Tech CSE Students. In this program, 124 students and 5 faculty members have attended. This workshop was inaugurated by Dr.G.Vijay Kumar, HOD of CSE.

The resource person P.HariPrasad, Trainer, Deeksha Technologies handled this workshop. The workshop was designed to help students to create dynamic interfaces for web applications.

Objectives:

The main objectives of the workshop were to:

- Practical experience of creating a mobile application
- Installing and running a webpage for the app using 2 types of codes
- Creating own applications on AVD
- Designing the application.

Outcome :

The workshop was well received and taught basics of building a mobile application using Android Studio. Discussions on OHA (Open Handset Alliance) Smartphone Platform market share and Categories/Areas of designing applications were held. A practical experience of Native Android Application Development was achieved.
